MEMORANDUM FOR THE DIRECTOR, DEFENSE SUPPLY AGENCY

SUBJECT: RDT&E Information to the Central Intelligence Agency (CIA)

This is with reference to my memorandum of February 10, 1964, copy enclosed, which approved release of classified and unclassified information to the Central Intelligence Agency (CIA) by the Defense Documentation Center (DDC). The purpose here is to clarify the release when limitations other than security appear on reports requested by CIA.

DoD Instruction 5100.38, "Defense Documentation Center for Scientific and Technical Information (DDC)," lists five conditions of availability as far as limitations are concerned (paragraph V 2.b. of Enclosure I). Only limitation condition No. 5, which requires approval of the cognizant military office for all distribution is applicable to release to CIA.

Signed
